The screenshot shows the homepage of the Kellogg's Online Shop. At the top, there is a navigation bar with links to "Brand & Products", "Cereal & Nutrition", "Better Days", "About Kellogg's", and a red button labeled "켈로그샵" (Kellogg Shop) which is circled in green. Below the navigation is a large yellow banner with the text "Kellogg's Online Shop". To the left of the banner is a promotional message in Korean: "맛과 영양을 고루 갖춘 켈로그 제품을 온라인에서 빠르게 주문하고 받아보세요!" (You can quickly order and receive Kellogg products with taste and nutrition online!). In the center of the banner is a smartphone displaying the Kellogg's mobile app interface. To the right of the phone is a woman sitting on a couch looking at her phone. On the far left of the banner is a "Kellogg's shop 보기" (View Kellogg's shop) button. Below the banner, there is a section titled "켈로그 제품" (Kellogg products) with a "더보기" (View more) button and five product images: Choco Krispies cereal, Protein Granola, RealGrains cereal, and two boxes of Choco Krispies. The main content area features a product card for "초코시리얼" (Chocolate Cereal). The card includes an image of the cereal box, a list of ingredients, and nutritional information: 340g, 570g, 12개월, and 118kcal. Below this is a section with four circular icons and their corresponding text: "시리얼의 영양 살펴보기" (View more about cereal nutrition), "씨앗에서 식탁까지, 책임감 있는 원료 관리" (From seeds to the table, responsible raw material management), "영양정보 들여다보기" (View more about nutritional information), and "시리얼의 혁신" (Innovation in cereal). At the bottom of the page is a "Our Social Channels" section with links to YouTube, Instagram, and Facebook, and a "Languages" dropdown menu with Korean and English options. A green circle highlights the "Languages" button, and another green circle highlights the top navigation bar button.
